- To be used only before sex when needed
- Lasts for 2 to 3 days after one recommended dose
- Improved kidney function and prostate health
- Anti-fatigue
- Enhanced Immune system.
- Affordable price

Thinking on How to Stop Premature Ejaculation? No need to worry!

KEN POWER Wipes – Best Product to control Premature Ejaculation

Proprietarily blended with carefully chosen and purified herbal extracts, KEN POWER Wipe is the best remedy for Premature Ejaculation and erectile dysfunction, as well as to sterilize fungal and bacterial conditions around penis. When applied to certain designated areas of the penis, KEN POWER Wipe delivers optimal performance enhancement of manhood through modern trans-dermal therapeutic technology.

In the 2006 survey on the influential sexual health products, the formula of KEN-POWER was highly recognized by the consumers and the sexology experts, and it was bestowed by Sexology Association as the **Most Influential Product for the Enhancement of Sexual Function & Performance.**

Features & Benefits:

- All natural and safe
- Effective from the first use.
- Rapid onset – Can be applied just 30 minutes before sex
- Use only on demand
- Discrete usage (No need of washing after application)
- No penile numbness
- No vaginal numbness
- No drop in sexual pleasure
- No known side effects even when used on a long-term basis.

The most significant difference of KEN POWER Wipes from the traditional topical treatment for premature ejaculation is that it can prolong the time of sex essentially and maintain the sense of sexual pleasure as well because no anesthetic is used in the formula.
